

## **Dennisson Classic Cars – Wedding Industry Awards**

### **Customer General Comments**

“My husband and I cannot recommend Dennisson Cars highly enough. They provided first class service from start to finish. Their attention to detail was faultless. For example, they provided tissues, a mirror and even tick tacks to freshen up if you needed to! They made you feel instantly comfortable in their presence and knew when it was appropriate to chat and when to let you have your quite moments. It was obvious that they were passionate about their work. We would be thrilled if they won this award as they really did help make our day special.”

“The whole process was very well organised and importantly did everything to make the day as relaxed as possible from being early to helping our daughter in and out of a car in her wedding dress which was made a lot easier because they knew how it should be done.”

“Very friendly and personal level of service throughout the process. Excellent attention to detail throughout.”

“We were absolutely delighted with the service we received on our wedding day. On the evening before the wedding it started to snow therefore on the morning of our wedding the roads were particularly treacherous. Jo and Peter ensured that we arrived at our venue in good time and more importantly safely. We could not have asked for better service.”

“They were very efficient, lovely cars and lovely people.”

“Jo and Peter of Denison Classic cars were friendly, helpful and professional throughout. Their cars are beautiful and in excellent condition; they added an extra touch of class to our special day. All our guests commented on the wonderful classic cars, which also made for some great photos.”

“Every dealing with Dennisson Cars was a delight. I really believe they cared about our wedding and their role in as much as we did. They were an absolute pleasure to be around, relaxing, thoughtful and cheerful.”

“Dennisson classic were exceptional before and after the wedding, we only booked them 5 weeks prior to the wedding and from the first phone call to after, their services were first class, they did all the trimmings to match our colour scheme even down to Jo wearing a tie that matched too, they arrived spot on time and were tier to help Rachael the whole time thro, helping her in & out of the car, with her flowers and also with the photos, even how long for the pics to be done so the champagne could be put in the car so it was right temp! i cant praise them enough, they were wonderful.”

“Very punctual, very friendly, made the day go smoothly.”

“Dennisson cars were very friendly and helpful when we first approached them and we were very pleased with the level of service throughout. Car was beautiful and very well maintained and the champagne was a very nice touch. We loved the whole experience and would definitely recommend them.”

“They offered a very professional service, Honest and very accommodating and would diff. recommend them”

"I'm so glad we had Dennisson cars as part of our big day. They were brilliant from start to finish and definitely went the extra mile with everything. We received detailed emails with everything we needed to know along with letters confirming all the little details too to make sure everything ran smoothly. I had to change the time of my arrival at our venue, which was no problem to Jo and Peter which showed not only their professionalism but their caring and understanding nature towards their customers too. Jo arrived at my mum and dad's early to make sure everything was ok and was not only polite but also very smart in her chauffeur uniform :) She helped me get into the car and ensured I didn't bump my head or lose my veil, which was a major help as I would have struggled otherwise. Jo was prepared for anything that could happen to make sure it wasn't a issue which took a lot of stress away. If anyone deserves an award its Dennisson Cars. Thank you for making our day even more special and stress free and for getting me to the venue on time. You're both superstars....we'll keep our fingers crossed that you are recognised for your awesome wedding chauffeur services, Mr and Mrs Jesson."

"The professionalism of the company was outstanding. On the day of the wedding they made me feel really calm. I could not recommend them enough."

"Very pleased with the level of service"

"i have been with my partner for 11 years before we got married, it was a very happy time for us but marred by the fact that by my mother's recent diagnosis of Alzheimer's disease so we wanted to get married as soon as possible-only four months to organise everything. Luckily we found Dennisons cars on a website, and emailed them with our fast approaching wedding date. we had emailed or spoke to other companies who (some were quite rude) who told us we were too late and should have booked earlier and others who just did not reply. however, Dennisons emailed us the same evening and were brilliant sending details and a 'phone number explaining we could 'phone them at any time. we sent our details via email and our choice of cars and we had a 'phone call later that day where we discussed the different cars. i found this very helpful as they suggested which cars would be good to get out of wearing my wedding dress and also (as money was tight) which car would be best to fit the bridesmaid's in and using the same car to make a return journey to pick myself (bride) and my brother up-reducing the cost for us instead of trying to sell us as much as possible. i was helped and supported by jo as i did not have my mother with me due to her illness before i even left my house and as i travelled to my wedding which meant so much to me as i missed my mother so much she was brilliant and helped to make me feel special and lessen the pain of not having my mum on this special day, and to top it all my husband was driven to the ceremony by a friend that i had not seen for almost twenty years which made my day even more special as it was such a treat to see him."

"Very committed, great value, lovely people, great car."

"I was really impressed by their personal interest in making my daughter's wedding day the best day of her life and the level of professional commitment that went with it. The car was immaculate and the chauffeur had just the right attitude and imbued a sense of confidence in what was to follow. He set us off on exactly the right foot."

"Our driver Jo was excellent, a very calming influence in the last minute rush, even helping my bridesmaids get ready! The Daimler was beautiful and looks stunning in our photographs. A very friendly and professional service, Many, many thanks!"

"I can't use the slider since doing this on iPhone, but put 10 for every comment above. Very helpful company. Relaxed me and my wife weeks before the wedding as snow was very bad and we were concerned. But they assured us they will be there on time and guaranteed they would get us there. Brilliant cars, brilliant staff  
BRILLIANT COMPANY."

"Both Jo and her partner were very helpful before the wedding, they made a special arrangement out of hours for us to view the cars. On our wedding day Jo was driving and she was lovely really helpful and kind. Would definitely recommend in fact I have done and a friend used them this year for her wedding."

"Jo and Peter could not have helped us anymore - they were friendly, approachable and had thought of every last detail to put your mind at rest. On the day, they were just amazing - and all the little touches really made their service stand out from the rest! The tissues came in very handy!"

"Jo & Peter were so helpful when we were booking our wedding car. They were very patient when we were choosing our car and let us sit in all of their cars so that we could decide which one suited us best. On the wedding day, Jo was fantastic. We could not have asked for better service. Jo managed to achieve the perfect blend of friendliness and professionalism that instantly put me at ease on the big day. She knew exactly how to help me in and out of the car and protect my wedding dress so i could concentrate on enjoying the big day. Jo poured champagne for my husband and i when we left the church and made us feel really special on the drive from the church to the venue. When we arrived at the venue, Jo presented the champagne cork in a little bag with the date on it, so that we could keep it as a momento of the day. This was a really nice touch. I really felt that both Jo and Peter went the extra mile on our wedding day to make sure it was perfect for us. I have recommended them to other brides that i know."

"First class in all respects, very flexible, very professional. Added to the perfection of our wedding day!"

"Excellence. Cars that are pristine and rare. Great service."

"The couple were extremely friendly and helpful when we went to discuss our wedding with them and nothing was too much trouble. On the day of the wedding, Paul was brilliant, very professional, helpful but unobtrusive. The drive from the wedding to the reception was only short so Paul took us on an extended drive to ensure all our guests arrived before us and to give us time to ourselves."

"The service provided by Peter and Jo was brilliant and also helped make our day special. They were extremely professional and everything was perfect."

"From the minute we met Jo at a wedding fair, we were really impressed by how friendly and professional Dennison Classic Cars were. They called me before the big day to confirm details, and I could not fault the service in any way. I would thoroughly recommend Dennison to anyone. Perfect from start to finish. Thank you so much."

"Excellent service from beginning to end, they kept in regular contact leading up to the wedding, excellent show round of their cars. Jo has a lovely personality, caring and friendly, just what you need on your wedding day!"

"From the first moment of contact with Dennison Classic Cars they were always very friendly, professional and accommodating. Nothing was too much trouble, they provided advice based on their experience when asked and provided a fantastic service on our wedding day that happened seamlessly without any prompt or follow up from us. Their cars are beautifully immaculate, causing quite

a talking point with our guests and they take a great pride in their part on your special day. I can't recommend Dennissons highly enough."

"The service was very professional and they are obviously very proud of their cars. On the day they were punctual, helpful and friendly."

"The service we received was excellent and the car was amazing. Very helpful and professional and very calming in the morning which was needed"

"Dennisson are outstanding in everything they do. They are passionate about their cars and making each wedding day as special and personal as they can. It was lovely to book a company knowing that you didn't have to worry about anything as they always kept in touch with up right up to the wedding day. On the day nothing was too much for them, they both went out of their way to help relatives but also helped me (groom) as he could see I was struggling with my cravat and handkerchief so he helped me with that. Dennisson also have a great Relationship with other wedding suppliers so it was easier for us knowing they already knew our photographer, our other car supplier and the table decoration supplier. Overall Dennissons service was outstanding and we couldn't fault them at all. We would definitely book them again and also recommend to family and friends."

"Dennisson Classic Cars were simply amazing from start to finish. I dealt with Jo throughout the planning and she was nothing but friendly, helpful, professional and couldn't do enough to help us with our plans! They gave fantastic service before our wedding and then on the day of the wedding I couldn't have asked for anything more, they were punctual and again were so helpful with everything keeping me calm and feeling at ease which they did not have to do but did anyway which meant a lot!! They were very accommodating to the timings of the wedding as things often run a little late or things take a little longer than you think but they never made you feel like you were a pain-nothing was too much effort for them! They honestly gave the BEST service that anyone gave to me throughout my whole 'wedding planning experience', they made me feel completely confident in them the whole way through and very happy with every bit of their service!! We would without a doubt recommend them to anyone getting married as the cars were in amazing condition and are just BEAUTIFUL cars, they were perfect for our vintage style wedding. We had two of their cars and we didn't want them to leave at the end of the day!!!"

"very friendly, timely arrival and great decoration of the cars"

"From when we got the quote right through to after the wedding we found that we received exceptional service from Dennisson Classic Cars. Jo and Peter were very professional yet friendly and put us at ease. They made it so special for us and contacted us following the wedding to check that we had enjoyed the car service. They even gave us the cork from the champagne as a keepsake. It was all the small personal touches that made their involvement so special and I would have no hesitation in recommending them."

"Dennisson cars were professional and helpful in all aspects in regards to our wedding day. They made the day in fact. Peter the driver was calm and courteous and Jo was fantastic in keeping everything planned and informed. They are a brilliant team. They really seemed to care about our wedding day and definitely added to the overall success of the day."

"Helpful, organised, professional, friendly, during the booking / organizing stages. smart dressed and very friendly driver laid out the red carpet, made us feel special, helped with my dress and provided champagne. Gave us the right level of privacy in the car. Safe smooth ride. Helpful service from start to finish. Journey

in the car with my father to the church and with my husband from the church were some of my favourite lasting memories of the day. The car looked fantastic. Would recommend to anyone."

"Extremely friendly and reliable Beautiful cars Relaxed and reassuring"

"Amazing service, would definitely recommend or use for another special occasion."

"Friendly, efficient, reliable with a great attention to detail. Gives you peace of mind when so many other suppliers you don't feel you can trust."

"10 out of 10 , simply the best product they don't just provide a car , the vehicles are cherished classics first and wedding cars second and that is reflected in the level of service and their attention to detail. Excellent value for money with friendly driver who obviously enjoyed his job. The passion displayed by Dennison for the Cars, the service and their clients really does show through and made our day fantastic."

"Thank you for your help on great day"

"The service given by Dennison cars was exceptional. Jo our driver calmed my nerves on the way to the church by offering me water, mints and making me feel at ease. Everything was extremely professional. We were lucky enough to have them drive us home from our reception too. A nice surprise arranged by my parents. We have recommended them to numerous other friends."

"Jo and her team went out of their way to help us. We had to move our wedding forward by 6 months as my father-in-law was diagnosed with terminal cancer, and even with 6 weeks notice and out of season nothing was too much trouble for them. I would have paid a lot more for the quality and service I received and would not hesitate to recommend them to others."

"Jo was amazing, so friendly, a very calming influence on the day and incredibly professional. The cars were amazing and looked perfect on the day. They were kitted out with everything a bride would need, a mirror, smints and champagne... Perfect!"

"Dennisson Classic Cars worked relentlessly to ensure that our wedding day ran smoothly. From going the extra mile (literally!) to collect the bridegroom to providing a beautiful keepsake to remind us of our wonderful post wedding drive, the level of their service is impeccable."

"wonderful service from booking it with Jo then on the day with Trevor!! all very professional. definitely worthy winners!! made our day so special"

"Confirmations of payments and the itinerary for the day were sent promptly and the paperwork was easy to understand! They were keen for us to see the car in person, and went out of their way to try and arrange this for us as we don't drive. A confirmation from them regarding the arrangements was sent just before the wedding and said how they were looking forward to helping us on our big day. It was worded in a lovely more personal manner and very nice to receive. On the day our driver, Jo, was lovely, calming, professional and with three trips to the church, for six bridesmaids, a Paige boy ,father and step mother of the bride and the bride herself she was great. The time she took to help me get into the car in a 'dress appropriate' way was much appreciated. After the church the way she looked after myself and my new husband on our champagne drive was impeccable, chatty but not intrusive! She was supportive of the photographer, helping him to get some good shots. The little keepsake cork from the bottle was

charmingly packaged with a good luck note, a lovely memento. All in all  
....Brilliant and recommended!"

"Brilliant! Excellent customer service, really looked after us before & during our wedding day"

"Dennison offered a really excellent, helpful and friendly service. They were able to tailor a package suitable to our needs."

"I can not recommend this company enough. From start to end we felt individual and extremely important. They were extremely accommodating throughout and keen to ensure we had the most wonderful experience. Professionalism is their forte (evidenced not only in their driving but also in our photo's of the day). The car was beautiful, they arrived early to calm our nerves, and drove at a speed to allow us to enjoy the experience fully."

"Peter and Jo who on the business made us feel welcome and special before we even booked them- after viewing the cars we were invited in for tea and they were never pushy just really helpful and passionate about what they do. Peter who drove us on the day was just wonderful, attentive and professional whilst also being friendly! The car was beautiful and a real talking point of the day. Their attention to detail - tissues and mints in the car was brilliant."

"Truly excellent car and service. Helped to make our day wonderful."

"I cannot praise Dennison Classic cars enough. The service from the moment of enquiry through to the big day was Professional but friendly, putting myself as the wedding organiser totally at ease that they would deliver all they had promised on Kate and Simons Special day. More than happy!! I would recommend them without any hesitation"

"The car was very striking, just what we wanted. We didn't want a traditional Rolls Royce type wedding car and this was perfect for us."

"From day one of meeting them both, we fell in love with the cars and how lovely peter and jo were. They made us feel at home, and comfortable with our decisions and made the run of the day at ease. The personal touches they gave were so thoughtful, for example the cork out of our first bottle of champagne (as husband and wife) from the car on our journey to the venue from the church. Was given to us in a small delicate silk bag with a little note from jo. I would recommend Jo and Peters service to anyone. The most perfect day of our life's, and wouldn't of been that without the support of Jo and Peters Dennisson Classic Cars. We even said to Jo on the day how it didn't feel that she was just our chauffeur but a friend. They stayed professional but also personal at the same time. 10 out of 10!!!! All the luck in the world to both of you, Love Jerrod, Fay..... And our Bump :)"

"From the minute we booked them to the minute they dropped us off at our reception, the service was impeccable. Peter, our driver, was incredibly courteous, never rushed us and ensured everything ran as we wanted it to run. The car was beautiful, clean and comfortable. Immaculate inside and out."

"Dennison's were brilliant in the run up to the wedding, and the service on the day could not be faulted. The driver even offered to take my overnight bag (which I had forgotten to leave at the hotel) to the reception for me so we didn't have to make an additional trip"

"The correspondence with Dennisson cars was great. Even when they were on their holidays in Australia they would still reply to our emails. Very nice people. The car was exactly what e were looking for too..."

"Peter and the wedding car were impeccably turned out and provided the perfect combination for our special day. Peter was extremely professional, courteous and helpful, but most of all he made us feel special and nothing was too much trouble. It rained heavily and escorted us from the car to the church door under his splendid umbrella. All told we can't imagine a better service."

"Very good service. Know their jobs well, very professional."

"Honestly couldn't fault them for the whole day. Excellent throughout and very happy memories!"

"The service we received from Dennissons was impeccable and to back it up they delivered on the day. It was a load off my mind that I felt confident they would be there as planned on the day."

"They provided an amazing service from start to finish, The car was beautiful and Jo who drove us was amazing, she even managed to fit in helping with the buttonholes to directing people. I couldn't fault them in anyway and they really made our day and drive perfect. There was even an incident with the car we ordered blowing but they gave us a similar car in such a short time which just showed the level of customer service they provide."

"The car and the service were spot on. The chauffeur coped with rain, holding umbrellas etc. and calming our photographer who was going a bit crazy. They took the time to send us a card and a champagne cork after the wedding."

"Peter and Jo at Dennisson were very helpful right from meeting them at the Wedding Fair at Clumber Park Hotel to Jo driving away after our Amazing Wedding. Very help in helping me in and out of the beautiful car, to which my mum commented on how helpful and natural Jo was with me. From picking up Jonathan and his Best Man to our country drive after the wedding, we were both made to feel very special on our Special Day !"

"We met Peter and Jo at a wedding fayre, this was after discovering them on the internet. Dennisson Classic cars were very helpful right through all the booking. Nothing was too much trouble for them. The drivers were wonderful with everyone, especially the two elderly grandmothers, aged 94 and 95! We were also able to put our luggage into the boot as we were staying at the venue after the reception. Very satisfied parents' of the bride."

"Made a special day even more special. Very happy to accommodate our (rather odd) requests to pick up the male bridal party and other family members...Fantastic service and felt like they were a huge part of the day."

"We would definitely recommend Dennisson Classic Cars to any of our friends. From the very beginning Peter and Jo were extremely professional. From the first visit the cars were immaculately maintained and it did not disappoint on our wedding day. Prior to the big day preparations were second to none with timings worked out prior to the day and they were very accommodating on the day for photographs. Overall a very friendly and professional service."

"Dennisson Classic Cars were extremely professional and friendly from booking, keeping us informed with regular, reassuring e mails to our wedding day where Peter was punctual, professional and extremely helpful and friendly. All of which helped to make our day extra special. Thank you very much Jo and Peter!"

"superb service from start to finish. Absolutely faultless."

"I was incredibly impressed by the level of service we received from Jo and Peter at Dennisson's. Rather than simply providing a glorified taxi service which other wedding car services offer, they were professional and thoroughly pleasant to deal with. They were happy to accommodate a couple of timing changes which we had to make before the wedding. Peter drove us on our day and he was well-dressed, polite and punctual. He was also happy to assist our photographer in taking some brilliant photos (I think Peter even doubled as photographer's assistant!!). The car was immaculate as well and our guests commented on how nice the car was. I would have no hesitation in recommending Dennisson's to other people."

"Service & punctuality was excellent. All the information leading up to the big day meant that I had no worries at all about this part of the day! The prep that Jo & Peter did (timed runs etc.) and the information provided about the preciseness of the timings made for a worry free, enjoyable service."

"We were thoroughly happy with Dennisson cars both the service and the quality of the car was outstanding. We couldn't have asked for anymore it was a perfect day."

"Very helpful and friendly service from initial enquiry through to our wedding day. I booked the car because my dad loves Jaguars and they went the extra mile taking us on a little detour to the wedding venue so my dad could be in the car a bit longer. Made me feel completely at ease without being too overbearing. Would recommend them to all my friends."

"We experienced an excellent service before, during and after the wedding. We experienced detailed written correspondence when we booked Dennisson cars. Letters detailing the booking, journey plan and payment details were sent out clearly. The service was always friendly and efficient, if we had any questions they were always willing to help us. On our wedding day they were very friendly and helpful. We were able to get lots of photos with the car. They took us on a long route between our wedding and reception venue so that we could enjoy our champagne for longer."

"Peter & Jo at Dennisson Classic Cars were a delight to work with. They couldn't be more helpful, and are just lovely people. We had a 1966 Classic White Jaguar MK2 and it was stunning. Peter was our Chauffeur and he was brilliant on the day, I couldn't have wished for anything more. Jo was brilliant at keeping in contact, and her personal & friendly approach will put any bride-to-be at ease."

"Dennisson Classic Cars were without doubt the best supplier we dealt with for our wedding, their preparation for the event was extremely professional, including route surveys etc. The car was beautifully turned out and looked fantastic in the photographs, so many guests commented on the car. The couple running the business were charming friendly and a pleasure to deal with. When organising a wedding you want a supplier that you can have complete confidence in, Dennisson Classic cars exceeded all our expectations, you can't ask any more."

"Jo and Peter Beardmore are wonderful, their attention to detail and commitment to delivering a first class service is excellent. Their cars are superb classic cars; our favourite being the old fashioned white Jaguar Mk2. They also allowed us to put tartan ribbon on the car which was in keeping with our wedding theme. They also provided us with a little keepsake of our day. They are the BEST."

"Such a wonderful service from a great company. They really helped make our special day so amazing. I would always thoroughly recommend Dennisson Cars."

"The level of service and professionalism was excellent. The car was amazing, very well looked after and comfortable. Jo, the driver was really lovely. Our experience could not have been better and we would (and have) highly recommend Dennison Classic Cars to anyone."

"The car was clean tidy, even had tissues inside if needed the driver was smartly dressed, polite, arrived in plenty of time for the collection. Meet all my needs, before and during the event."

"Fantastic cars, wonderful service, lovely people they helped make our day very special, cannot fault them one bit!"

"The service we received was fantastic. Prior to the wedding Jo called to confirm all details and reassure me that 'they hadn't forgotten me' as you don't always hear a lot from wedding suppliers. The day before the wedding she rang to confirm exact arrangements. On the day Peter was fantastic, he stood patiently by the car waiting for me to leave my Mum's house, took my bouquet from me and placed it on a lovely cushion on the front seat. They also kindly supplied champagne on the journey from our Church to the reception and had even thought to give us the cork in a lovely bag as a keepsake. Fantastic service and attention to detail from a lovely company."

"service was excellent - planned journey before the wedding, driver was incredibly professional, car was beautiful and immaculate, made a change from the very old vintage cars or the modern Mercedes type - exactly what we were looking for."

"Dennison Classic Cars were superb! They were so friendly and helpful - They even gave me the time to have a telephone consultation when they were on holiday in Australia! On the day, they were there early, were dressed very smartly, and the cars were beautiful. Both drivers were also very calming and supportive throughout. We cannot recommend Dennison Classic Cars highly enough, they really helped to make our day perfect."

"Very professional service from initial enquiry through to arrival at our reception. The car was just what we wanted and the whole experience really added to our big day."

"Very helpful and amiable people. Great service and pristine car condition. Punctual and flexible. Cant ask for more."

"Dennison made the process of organising wedding transport very easy before the day by confirming the arrangements before and after the wedding and making it very clear what the costs were. The mk 2 Jaguar we had for our wedding was a beautiful car in fantastic condition and made a great addition to our wedding photographs. Our champagne drive through the countryside to our venue was a special part of our day giving us chance to 'chill out' after the ceremony and before the reception."

"Fantastic person service, made very special by Jo and Peter's professional and friendly service"

"I would recommend Dennison Classic Cars to any couple getting married. The service before, during and after the wedding was outstanding. It is a truly personalised service, and Peter and Jo were professional and welcoming throughout. Despite it being a wet day on our wedding day, the cars were immaculately presented and the owners made sure I kept as dry as possible, with

lovely white umbrellas and a mat for when I got out of the car at the Church. I couldn't recommend them highly enough."

"this husband and wife group were excellent from start to finish , it drizzled a little on the day and Jo carried a huge umbrellas for us. She calmed me down when i got very nervous and even carried tictacs in the back of the car for us to freshen after champagne. Wonderful customer service skills wonder couple."

"Superb service, extremely friendly and made our day a perfect occasion."

"Absolutely stunning cars and perfect service both prior and on our wedding day. The extra touches of champagne, mints (came in handy before the ceremony) and tissues were great. A truly professional service"

"The car and service that Dennissons provided were excellent. The blue Daimler car was elegant and beautiful. The service that Jo, who drove us, provided, was wonderful. She was very professional yet personable, polite and friendly, and even went to get a glass of water for my wife when she needed it."

"Amazing service. Jo was also so friendly and helpful when I spoke to her on the phone. She also made contact before the wedding to make sure I was happy with all the plans. This reassured me - they knew exactly what they were doing. On the day she really made me and my Dad feel relaxed. She also offered me water, mints and tissues in the car which were all lovely touches that really made the experience. And of course the cars they used were immaculate and great in the pictures."

"jo did a brill job in reassuring me I would fit into the car despite my huge dress! Loved the car - perfect."

"The level of service from the enquiry right through to the Wedding Day was exceptional. Peter and Jo are so friendly and professional, they made us feel at ease on the day and we were always confident that nothing would go wrong as the communication that we received from the get go was outstanding. We regularly received letters and phone calls keeping us up to date with everything, the cost was fantastic and the cars were kept to an impeccable standard which shone through when we looked at them before booking, we had seen a fair amount beforehand and nothing came close to the love and care that had clearly gone into them. They gave us champagne whilst we were driven to the reception and afterwards they gave us the caul in a little bag with our names and the date of our Wedding which we thought was such a lovely gesture, it is just their attention to details that make their service so special. We have recommended them to our friends that have got married since and will for any future Weddings. Dennisson Classic Cars contributed greatly to making our day the best day we could have dreamed of."

"We first saw Dennison Classic Cars at a wedding fair at the Bestwood Lodge Hotel, we asked for a quote I really liked the Daimler, but I was sure we couldn't afford it as all of the other quotes we had had were so expensive. They took the time to introduce themselves, found out about our wedding, where we were getting married and what journeys we would require. Then gave us a quote that was by far the best we had had. We received a detailed breakdown of the journeys and their times a few months before the wedding for us to check. This was excellent we didn't have to do anything ourselves it had all been worked out for us! On the day the car arrived early so there was no worries there and it was beautiful. All in all the service was fantastic, excellent value and our every need catered for. Nothing was too much trouble."

"I was so impressed by the quality of service from Jo and Peter that i have recommended them too friends and my business partner is also using them for his wedding They actually came back from Australia for our wedding..."

"Dennisson Classic cars made our day very special...arrivals were absolutely perfect!! And the friendly service made our day a happy one. Loved the little thoughts involved such as the champagne cork had been nicely presented to us in lace and ribbon with a little message of congratulations from Dennisson classic cars. Thanks so much xxxxxxxxxxxxxxxxxxxx"

"The most professional service given to us of all our suppliers for our wedding day. All concerns were taken away due to the level of attention to detail with even a dry run before the day to ensure all timings were correct. The car and driver were immaculate with delicate and thoughtful touches in the car to make the journey faultless. A wonderful experience that only helped to make our special day everything that was to be hoped for."

"I could not recommend Dennisson Cars more, they are very friendly, very organised which I love being a PA, so helpful, welcoming when we went to look at the car and on the day just totally perfect.... arrived in good time, Jo even helped my Dad to get his flower attached to his suit. Every little detail was thought of, being an over organised person, I felt like I did not have to worry about a thing, it was just PERFECT. I hope they get the award they deserve as they are just great and customer service to me is everything they were 110% to my husband and I...."

"Dennisson Classic Cars provided my wife and I with a very good service from start to finish. They provided a full look round of the cars available, comprehensive and very competitive price options. Very friendly and made us feel completely at ease and assured that there would be no issues on our wedding day. They were the perfect choice for our wedding day and we would be very happy to recommend them to anybody who asked."

"Dennisson Classic Cars were excellent, before the wedding in terms of their organisation and service and excellent on the day, everything went smoothly and the car was beautiful and added to our special day. They were so good that our sister also used them for her wedding. All round excellent service and we would highly recommend them."

"The level of service from my initial phone call all the way to our actual wedding day was superb. Jo & Peter couldn't have been more helpful, and arranged viewings/pricing and the schedule of the wedding day to suit us. This put us at ease, and left us to worry about other aspects of the day! The cars were immaculate, and looked even better on the wedding day. Couldn't have asked for anything more perfect on the most important day of our lives."

"Everything about Dennisson's was very professional but with a friendly touch."

"Cracking, personable service - took a genuine, emotional and empathetic interest in our big day - went beyond the call of duty when there was a carnival complete with floats at the end of the road as we left - employed their previous experience as a policewoman to literally stop and direct the traffic to ensure we weren't more than fashionably late!"

"from day one of booking our wedding as part of an all inclusive package, Dennisson classic cars were in touch with us directly. I mainly spoke to Jo in the run up who was very friendly, helpful and informative and no question was ever

too much trouble. i was extremely happy with everything that they did during the run up to and on the day of our wedding. on our wedding day itself Peter, our driver, was extremely well presented, polite and patient and the car was magnificent, everything i could have wanted and more."

"Beautiful car, fantastic photoe, friendly service. Thanks you so much."

"From the initial planning stages through to a courtesy call afterwards, all of our contact with Peter and Jo at Dennisson has been wonderful. Although we had a pretty clear idea that we wanted a certain car, Peter took the time to show us all the cars available, making sure we were completely happy with our choice. All the details about my pick-up and the journey were checked thoroughly and we received a friendly call to re-confirm a couple of days before the wedding. The chauffeur service was excellent, kind and courteous, taking care of every detail from dealing with our luggage to protecting my dress. Not only was it a lovely way to travel but the classic Daimler also provided us with some lovely photos for our album."

"We cannot recommend Dennison cars enough. We met them at a wedding fair about a year before our wedding, Peter showed us around the cars that we were able to select from and was very thorough in telling us all the details about them and was in no rush to finish speaking to us even though it was a busy event! Jo was fantastic at helping us to make our arrangements for the car before our wedding day, including making sure the timings were planned to even the detail of what colour ribbons we wanted on the car - again their attention to detail was perfect and the level of organisation was very reassuring to just leave the plans for the car in their very capable hands. On the day, Peter was very professional and really looked the part alongside the beautiful car. We were running really behind schedule on our wedding day as the photographs took longer than expected but this was not an issue and Peter was fantastic at making sure we did not feel rushed and we were able to have the car as long as we needed for the afternoon. There were some lovely touches once we were in the car with the half bottle of champagne, we even had the cork put into a little bag for us along with a tag with the date of our wedding which was a lovely keepsake."

"The cars were immaculately prepared and spick and span. The attention to detail (little bags with tissues and mints hanging in the rear) from Peter and Jo at Dennisson is fantastic. Peter and Jo are friendly, helpful and put you at your ease from the moment you first speak to them. In each of the several conversations we had with them we were left feeling that nothing was too much trouble and that our individual wedding was an important event for them as much as it was for us. I really cannot speak highly enough of Dennisson Cars and would recommend them to anyone."

"Jo and Peter were fantastic. They went the extra mile particularly with my elderly grandfather who is not very mobile. I recommend them to everyone I know who's getting married!"

"Great communication, Lovely people very accommodating when stopping around Belper for wedding photos. Just Great service and people"

"Loved the car and the attentiveness of Jo and Peter - they deserve to win!!"

"Our first meeting set the scene. We were welcomed into Joe Dennisson's home /office where we immediately were given a sense of efficiency, calm and friendly welcome. We were transported by Joe to view the choice of wedding cars at their storage garage. They were in pristine condition therefore it was difficult to choose

as they were all equally excellent. Having made the decision to choose Dennison Classic cars all the administration was completed in a fast and efficient way. In the lead up to the wedding contact was made and again all giving the customer absolute confidence in the expected service for the 'big'day. On the actual wedding day the car was punctual and looked wonderful. Joe was our daughter's chauffeuse and she too looked immaculate, behaved in an extremely professional manner whilst maintaining a friendly and happy atmosphere. Choosing Dennison Classic Cars was an excellent choice as it was another link making the whole day one to cherish and remember."

"Made our day extra special with there exceptional service. very professional and there car Duey was beautiful. My wife loved the car. Thanks again"

"Jo and Peter offered exceptional service. Peter arrived with the car early and was a very calming presence on our journey to the wedding ceremony. Both Peter and the car were immaculately turned out! Thank you to you both."

"From the initial call to the book to the moment I stepped out of the beautiful car, Dennison cars were professional, efficient yet with that vital personal touch which every nervous bride needs. They ensured my dress was kept clean by laying a mat out to get in and out of the car. They provided mints, tissues and a mirror all in pretty bags in the back for my father and I to use. Jo, our driver was so, so reassuring on arrival when the emotion of the event. She diverted a potential make-up disaster by making me think of funny things to stop me bursting in to tears! Every wedding day needs to go smoothly for a couple and Dennison cars ensured that this was the case. I would highly recommend them for any event and especially a wedding."

"Total professional approach from start to finish.Highly recommend."

"Dennison cars were hugely professional right from the start. They were on holiday when I first got in contact with them but still responded promptly to my query and organised for me to view the cars as quickly as possible. When we went to see the cars they were warm, friendly and helpful and really took time to show us all the cars and understand the plans for our day. There was also no high pressure sale. The booking was confirmed immediately upon the payment of the deposit and full booking details confirmed in writing. A couple of days before the event Dennison cars proactively contacted us to re-confirm all details and wish us well. On our wedding day Dennison cars were there and waiting as planned. The car was immaculate, as was the driver who was well versed in getting a big dress into the car with minimal impact on the dress! They'd also been keeping a close eye on the traffic and had to take me on a detour due to an incident on the original route. The attention to small but important details such as a mirror and tissues in the car, ivory umbrellas and mats to lay across a wet floor (which thankfully I didn't need but was assured to have the option) was impressive. The champagne en route from the church to the venue was just what we needed and the champagne cork was given to us as keepsake in little bag which was a lovely touch. Dennison cars take a lot of pride in what they do and they are highly professional but warm and friendly at the same time. I would highly recommend them to future bride and grooms."

"Loved the car and professionalism of Jo and Peter"

"A warm and exemplary service that I would recommend to anyone. Dennison Cars made our wedding day special."

"Beautiful car, friendly helpful service, well organized and fantastic on the day. From meeting them we were both confident that they would be nothing but perfect on the day. We would recommend them to everybody, we really could not have wanted anything more. a fantastic worry free addition to the day."

"Jo and Peter are two of the loveliest people you could meet, they are so friendly and helpful, their service from start to finish was fantastic and filled me with confidence, I knew as soon as we'd booked the cars that I would have nothing else to worry about (and I was right). Their cars are beautiful and extremely well looked after and quite obviously loved. The little touches like the hand mirror, mints and tissues in the door pockets are brilliant and the cork from the champagne bottle that is wrapped up with a little note as a keepsake was lovely. They not only were helpful with regards to the cars but they also sent us little bits of information regarding our honeymoon location (as they had already been) and personal notes, which made us feel more like their friends rather than clients. I have (and still will) recommend Dennison Classic Cars to anyone."
